

Organisation magnets with plastic body

Handle magnets, round, with metal housing, painted white, made of HF

Article number	D mm	HGes mm	Adhesive force* N	Weight g
G-MAG25	25	29,5	40	25
G-MAG32	32	29,5	80	35
G-MAG36	36	29,5	100	45
G-MAG40	40	30	125	62

Our practical round grip magnets with a robust metal housing. These magnets offer a solid adhesive force and are ideal for attaching important documents, memos and photos to metal surfaces.

As an alternative to the standard version, we also offer customised solutions:

" Painting in other colours possible

* The forces have been determined at room temperature on a polished plate made of steel (S235JR according to DIN 10 025) with a thickness of 10 mm (1kg~10N). A deviation of up to -10% from the specified value is possible in exceptional cases. In general, the value is exceeded. The type of application (installation situation, temperatures, counter anchors, etc.) sometimes influence the forces enormously. The values given are for orientation purposes. Let our experts advise you.
